All glo - ry to our Sov'-reign God, For His e - lect - ing grace!
Does not the pot - ter have the right, To form what's good to him;
We dare not ask "What do - est Thou?" Nor think Thy choice un - fair.
Re - bec - ca when the twins con - ceived, Heard of God's love and hate.
Is there un - right - eous - ness with God? For - bid we think it so.
Give glo - ry to our Sov'-reign God, Man's will and work dis - miss.

A - dopt - ed to be sons of God, Ere Earth was formed in space.
One dish a - dore, one to de - stroy, Based mere - ly on his whim?
Were but one sin - ner shown Thy grace, Is love be - yond com - pare.
No good nor e - vil had they done, Let there be no de - bate.
Were just - ice on - ly to pre - vail, None would His mer - cy know.
The will of God and work of Christ, A - lone se - cures our bliss!
