

We Believe in Global Warming!

Jesus Christ Is Coming Soon to Burn up the Earth!

1. **The media is lying about global warming.** The LORD Jehovah, Creator of heaven and earth, guaranteed there will always be hot and cold, summer and winter, as long as He allows the earth to last. Read it: *“While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease”* (Gen 8:22). God promised these things to Noah right after the Flood. Let God be true, but every man a liar! The devil uses this media hoax to create fear and worry in men’s hearts, put hope in manmade remedies rather than God, and distract men from the real threat to their souls.

2. **Listen to an expert instead of a cub reporter or actress.** On September 25, 2006, Senator James Inhofe, chairman of the Senate Environment and Public Works Committee, exposed the global warming hoax in a speech to the Senate. He knows more about global warming than all news anchors combined. He proved the news media has vacillated between global cooling and warming as their fear tactic for 100 years! The media do not have a clue about anything, as the Bible declares (Is 8:20; I Tim 6:20-21)! Of course, the press vilified him to protect their lucrative business of marketing fear. Read or hear his speech in the links below.

3. **Jesus Christ will soon incinerate the earth, not merely warm it!** When God finally sends global warming, it will come instantly and with fervent heat to melt the elements and burn up the earth (II Pet 3:10,12; II Thess 1:7-8)! A better exhaust system on your car will not help! Cutting your grass with an electric mower will not help! You will be stripped naked before the holy eyes of the infinite God to give an account of your life. You will not remember the ozone layer or CO2 levels of the large ash you called earth! You will feel the unbearable heat of the lake of fire, which will never cool (Mark 9:43-48; Luke 16:24; Rev 20:15)!
